SDDVA Deputy Secretary Aaron Pollard was one of the keynote speakers at the George Boom Funeral Home planning workshop in Sioux Falls last week.

Pollard, along with Minnehaha County VSO Kathy Richardson and Theresa Wood (VBA) provided an overview of veteran’s death and burial benefits.

Deputy Secretary Pollard briefed attendees on the new state veterans cemetery and provided them with a view of the 95% design draft and the ten-year planning stages.

Ken Teunissen reviewed the fundraising efforts that are being done by the South Dakota Veterans Council and their community partners and outlined some of the upcoming events that their partners are sponsoring.

SDDVA will continue to keep you updated on the state cemetery project as it progresses. We are hopeful to be breaking ground for the cemetery late this Fall.
VA ENCOURAGES VETERANS TO QUIT TOBACCO ON WORLD NO TOBACCO DAY

In recognition of “World No Tobacco Day” on May 31, the U.S. Department of Veterans Affairs (VA) will reaffirm its “Better Starts Today” campaign, calling on Veterans who use tobacco to discover reasons to quit and take advantage of innovative VA resources to help them succeed.

Led annually by the World Health Organization, VA’s observance of World No Tobacco Day aims to encourage Veterans using tobacco products to quit and join countless others across the globe in starting a tobacco-free life.

“ Quitting tobacco products is one of the best things Veterans can do to improve their emotional and physical health, and overall quality of life,” said VA Secretary Robert Wilkie. “The VA also understands the challenges that come with quitting. That’s why we are using World No Tobacco Day as a platform to talk about the innovative tools that will guide veterans toward a tobacco-free, healthy life.”

Veterans don’t have to do it alone.

The VA national resources include:

- **Quit VET**, a toll-free national quitline at 855-QUIT-VET (855-784-8838) for veterans to speak with a tobacco cessation counselor, make a quit plan and receive ongoing counseling after their quit date. Quitline counselors are available between 9 a.m. and 9 p.m. (EST) Monday through Friday.

- **SmokefreeVET**, a text-message program (text VET to 47848) offering veterans three to five texts a day with advice and encouragement to help them while they stop using tobacco. Veterans can also text the keywords URGE, STRESS, SMOKED, and DIPPED anytime to receive an immediate tip for coping with an urge to use, a slip or stress.

For more information and resources about tobacco cessation and how veterans’ families and friends can help, visit [www.mentalhealth.va.gov/quit-tobacco](http://www.mentalhealth.va.gov/quit-tobacco).

VABHHCS PREPARES TO LAUNCH NEW VA HEALTH CARE OPTIONS UNDER MISSION ACT

The U.S. Department of Veterans Affairs (VA) will launch its new and improved community care program June 6, 2019, implementing portions of the VA Maintaining Internal Systems and Strengthening Integrated Outside Networks Act of 2018 (the MISSION Act), which both ends the Veterans Choice Program and establishes a new Veterans Community Care Program.

The MISSION Act will strengthen the nationwide VA Health Care System by empowering Veterans to have more options in their health care decisions.

Under the new and improved Veterans Community Care Program, Veterans can now work with their VA health care provider or other VA staff to see if they are eligible to receive community care. Eligibility for community care does not require a Veteran to receive that care in the community; Veterans can still choose to have VA provide their care. Veterans are eligible to choose to receive care in the community if they meet any of the following six eligibility criteria:
1. A Veteran needs a service not available at any VA medical facility.
2. A Veteran lives in a U.S. state or territory without a full-service VA medical facility. Specifically, this would apply to Veterans living in Alaska, Hawaii, New Hampshire and the U.S. territories of Guam, American Samoa, the Northern Mariana Islands and the U.S. Virgin Islands.
3. A Veteran qualifies under the “grandfather” provision related to distance eligibility for the Veterans Choice Program.
4. VA cannot furnish care in a manner that complies within certain designated access standards. The specific access standards are described below. (Important: Access standards are proposed and not yet final.)
   - **Average drive time to a specific VA medical facility**
     * 30-minute average drive time for primary care, mental health and noninstitutional extended care services.
     * Sixty-minute average drive time for specialty care.
     Note: Average drive times are calculated by VA using geo-mapping software.
   - **Appointment wait time at a specific VA medical facility**
     * Twenty days for primary care, mental health care and noninstitutional extended care services, unless the Veteran agrees to a later date in consultation with his or her VA health care provider.
     * Twenty-eight days for specialty care from the date of request, unless the Veteran agrees to a later date in consultation with his or her VA health care provider.

(continued on next page)
5. The Veteran and the referring clinician agree it is in the best medical interest of the Veteran to receive community care based on defined factors.

6. VA has determined that a VA medical service line is not providing care in a manner that complies with VA’s standards for quality.

   To help employees prepare for this transformation and others under the MISSION Act, VA Black Hills HCS is dedicating the month of May to readiness.

   “Our commitment to Veterans is our highest priority,” said VA BHHCS Director, Sandra Horsman. “Our staff has always been dedicated to providing high quality health care and now the implementation of the Mission Act improves our efforts to meet the needs of our Veterans at the right time and place.”

   The VA MISSION Act:
   - Strengthens VA’s ability to recruit and retain clinicians.
   - Statutorily authorizes “Anywhere to Anywhere” telehealth provision across state lines.
   - Empowers Veterans with increased access to community care.
   - Establishes a new, urgent-care benefit that eligible Veterans can access in the community.

   “We’ve been working hard to prepare for a smooth transformation,” said Horsman. “We know Veterans will have questions about expanding services and their eligibility. Our staff will be ready to answer questions and walk Veterans through any new processes.

   VA Black Hills HCS serves approximately 22,000 Veterans throughout a five state region.
